Dear Parents/Carers,

Information regarding the move to new School - Childwall Abbey School

I am delighted to be able to tell you that we finally have an opening date for our new school building on the Childwall Abbey Road site - 26th April 2016!

As you will understand, moving an entire school is a major operation. The minimum requirements for a safe move are a week for packing before the move and a week for unpacking after the move. This will enable school to be safe and fully set up for pupils before they come on site. Governors understand that school closure involves parents and carers making arrangements for their children to be cared for which is why I am letting you know dates well in advance.

School will close to pupils on Wednesday 23rd March 2016 at the Aigburth High School site (Minehead Road) and will reopen to pupils on Tuesday 26th April 2016 at the Childwall Abbey School site (Childwall Abbey Road).

I very much hope you are as happy to hear this news as I am to share it with you. We will keep you updated as developments progress.

Please return the slip below confirming receipt of this information.

Kind regards.

Mrs. C. Piercy

Headteacher

Pupil's Name:..... Class:.....

I/We confirm receipt of the letter detailing closure dates in relation to the move to the new school in 2016.
